A CARD TO THE PUBLIC,

THE NEWBERN Peace and order may be preserved with- Daily and Weekly Progress. THE PUBLIC that the unceremonious entrance of Burnside into Newberg on Friday last has compelled the temporary suspension of the PROGRESS. This was a barbarous and villantous proceeding of old Burnside, inasmuch as it has deprived the public of the advantages of a good paper, besides the inconvenience to the citiens of Newbern.

By the discomiliars of our arms at Newbern, I have lost everything I had in the world—presses, type, and stock and other office material and furniture and other property of all kinds, is all gone—but still I hope to be able to make arrangements at an early day to issue the PROGRESS at some roint not very remote from the oid stand; this will depend however upon the extent fo which Burnside is able to penetrate the bowels of the land.

Having lost all I have, I must urge all who are indebted to the PROGRESS office to make immediate settlement. Though in the army my address will be for the present, Galdsboro, N. C.

I again warn the people aga cidel policy, and appeal to loyal citizen to discourage such a suiery true and denounce it in every proper way, and, it draw all sympathy and e necessary, ection from men who will deliberately the welfare of their country in order gratify the mere thirst for gold. the above with the annexed appropriate

We have styled the above a noble procla mation. . It is we; and the sentiments expressed by Gov. Shorter are just as applicable to Louisians as they are to Alemania indeed, they apply with full force to every Cotton State in the Southern Confederacy-for, all are alike interested Their interests are identical, and their future cannot be separated. Nature has made it so, and the barriers of nature cannot be overlesped. We have a common cause, and a common fate awaits us. Our destiny are in our own hands. By persuing the path of duty, faithfully and patrioticly, we shall, with the blessing of Goo, be enabled to work out our own political salvation. But, upon the agriculturalist of the Cotton States, there are high and solemn obligations, which, if they disregard, may bring ruin upon themselves and infinity of trouble upon the country. So far as this season is concerned, they should devote their labors almost exclusively to the cultivation of food crops. The leading staple crops should be given the go-by to ions effect no. for the time being. No more cotton should leve the an- be planted than will suffice for domestic re give place | consumption and for seed. To plant full crop would be alike suicidal and unnt, S. C. Vol. patriotic-would denote that our planters tegiment left are wanting in common sense and devonoon last for tion to their country. In the first place, a full erop of cotton, piled on the crop now. by our Cor. gathered, would, when peace is declared, st authority glut the markets of the world, and the two crops would not be a whit more valuable, or bring more money, than the single crop North Carolina now stored away. In the second, and most important place, the planting of full crop of cotton would probably bring about a scarcity of ceral crops-a calamity which none but traitors could rejoice over. Then ded with sol- again, the Cotton States, owing to the iny are hadly terruptions caused by the war in several States, will be obliged to furnish food to injured in supply the armies of the Confederacy, as Capt. Smith: well as to feed their own people. Here is ured; D. M. another argument in favor of corn, etc., jured badly; and against cotton. The one is indispenand shoulder sible—the other is not. The one will find heek bruised a ready cash market, while the other will as. McAbee, have to wait the raising of the blockade ly injured. to find any market at all; and if two crops ompanies on should be forced upon the markets of the the Colonels world together, the ruling prices will be great deal of so low as to be utterly, unremunerative. re aboard. So, it is clear that patriotism, policy and while run- profit go hand in hand in the raising of Divine in food crops.

But we can add nothing to the emphatic language of the Governor of Alabama. It is well-timed, well-put, and we understand meets the cordial approbation of a vast majority of the people of Alabama It should meet the approbation not only of the people of that commonwealth, but of every other State in the Southern Confederacy.

TO THE CITIZENS OF CHAR-LOTTE.

AN APPEAL IN BEHALF OF THE REFUGEES !

For the Dally Bulletin.] It is with sorrow that I deem it a duty to call upon you in behalf of the many wanderers who are driven from their homes by the sad reality of civil war; their houses burnt (or in danger,) and they have no shelter to cover them. They, ladies alone, walk the streets from door to door seeking ganize immediately, elect your own officers, a place to be "taken in."

Can you, patriotic citizens of old Mecklenburg, see this and close your doors against them? No! the spirit of the place will not permit that such should be the fact, it the same spirit prevails that existed here in '76. Yet large fine looking, handsome houses we see on every street, shut up as if uninhabited; now we beg all friends to liberty to open every room, and so publish to the people that the hospitality of the place has not diminished. We appeal to the Town Commissioners to see that every habitable house be opened; there are some now unoccupied, locked and nailed up, while many are suffering for homes.

With pleasure we have heard of a 'widow' who ownes one of the largest houses between Charlotte and Raleigh. She has given up the whole of it to refugees, and herself occupies an office. We would propose to present her name to President Davis for promotion to a higher office. Her patriotic spirit is worthy of praise, and we do hope will soon be followed by our citizens to their advantage. Many plead "indisponition" as a good excuse for not taking strangers in their houses. Now experience teaches that people with plenty to do are apt to have good health, and none are so happy as those who are doing good. It is so very easy to say "I can't," but much more agreeable and certainly more in character with ladies to say "I will." Besides we ought to consider we know not how soon we may be in the same distress, and though this be a selfish motive, it comes near to every heart. We can imagine how we would feel were we let depart "a stranger and ve took me not in."

Yes, then open all your doors, and while you entertain strangers, you run the risk of being blest by the visit of an angel.

Price of Sugars We understand (says the Columbia, S Guardian,) that on Saturday, after the news of the threatening condition of affairs at New Ocleans had been published, our dealers, or some of them, had advanced the price of sugar six cents per pound. We hope there is some mistake in this. Now, in Savannah, on Thursday last, an auction of a cargo sale took place at the following prices. The Savannah Republi-
